Second Corps Consultants

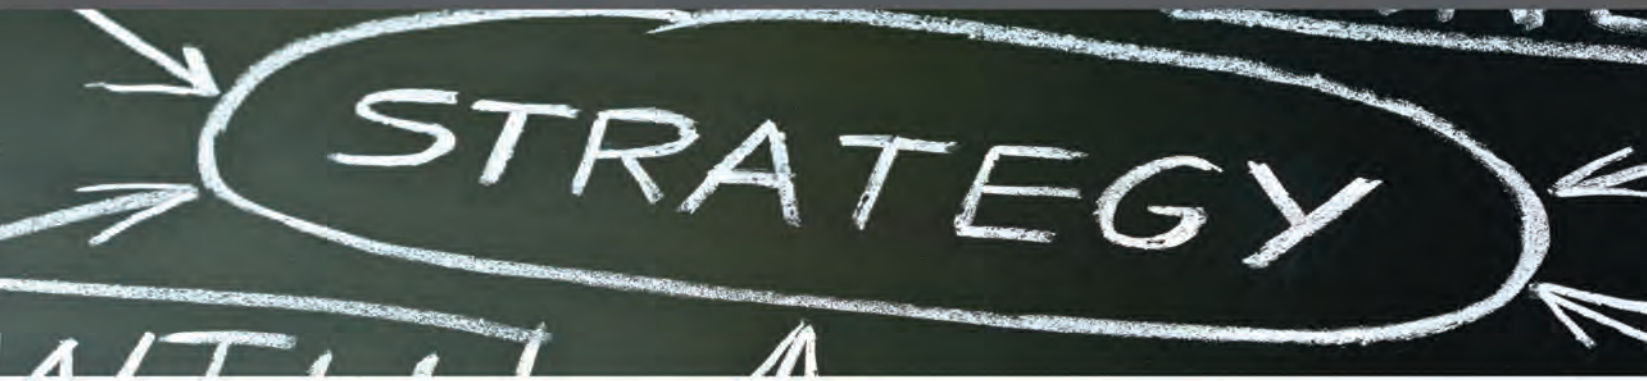
"Combining Proven Traditions
with New Technologies"



WHO WE ARE...

II Corps (Second Corps) Consultants Inc. is a professional services company focused on the delivery of customized end-to-end training and education solutions. We are a certified Center for Verification and Evaluation (CVE) Service-Disabled Veteran-Owned Small Business (SDVOSB).

Our employees are a growing team of professionals who represent a strong cross section of subject matter experts who are passionate and capable with a proven track record of delivering professional and quality results. We look forward to being a valued member of your team –

YOUR VISION IS OUR VISION – OUR MISSION IS YOUR SUCCESS.

WHAT WE DO...

Integrated and Tailored Solutions

Analytical Decision Support and Requirements Development --- II Corps (Second Corps) Consultants Inc. provides the resources and human capital capable of producing informed and dynamic analytical decision support products and solutions. We meet our client's needs through the implementation of proven methodologies and processes. II Corps has a comprehensive understanding of capabilities based planning processes to include Joint Capabilities Integration Development System (JCIDS), Planning, Programming, Budgeting, & Execution Process (PPB&E), and the Defense Acquisition System (DAS). Our employees have produced numerous requirements documents which enabled our clients to acquire future capabilities and increase their warfighting capacities contributing to mission success.

End-to End Instructional Systems Analysis, Design, Development, Implementation, and Evaluation --- II Corps (Second Corps) Consultants Inc. conducts end-to-end training and education solutions using proven instructional systems design methods to analyze, design, develop, implement, and evaluate (ADDIE) current courseware or develop new curriculum. Whether conducting instructional delivery of an established program of instruction or development of interactive E-Learning solutions in support of distance learning requirements, our team provides a thorough understanding, relevant experience, and proven past-performance to fulfill critical training and educational needs for our clients.

Customized Information Technology Solutions --- II Corps (Second Corps) Consultants Inc. provides experienced employees with the technical skill-sets who can deliver an integrated approach to address the application of information technology solutions. Our team provides critical capabilities to our clients through innovative and customized information systems development. Our employees translate customer requirements into functional, transformational, dynamic, and tailored software solutions.
