# Capabilities Statement

## Corporate Profile

Millennium Corporation is an 8(a) Small Disadvantaged Business (SDB) and Service Disabled Veteran Owned Business (SDVOB) established in 2004 as a professional services and management solutions partner offering world class integrated business solutions for all levels of government and commercial enterprises. Millennium offers our customers a full range of comprehensive management, information technology, logistics and training support services. We leverage effective processes and intellectual capital to not only ensure the clients goals and objectives are realized, but exceeded. Millennium's vision is to grow as a premier professional services company, recognized for high quality and superior customer satisfaction. Our core competencies include; program management, information technology, and Lean Six Sigma.

## Management Team

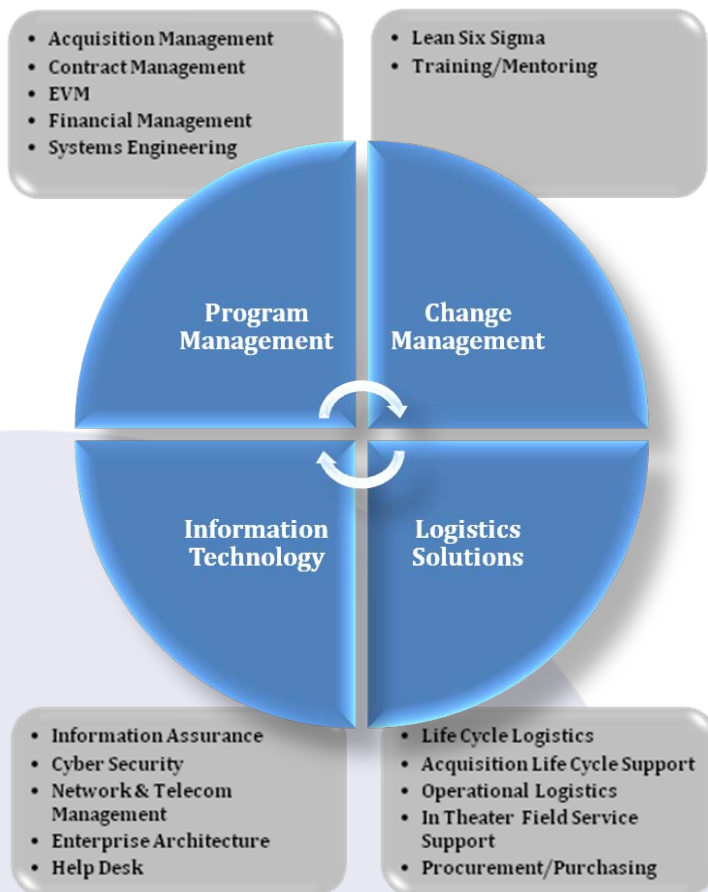

Millennium's experienced management team possesses collectively over 100 years of senior level DoD expertise in program management, contracting and logistics. The company is a customer-focused organization of experienced managers and staff. Our management team possesses Defense Acquisition Workforce Act (DAWIA) Level III certifications in both Program and Contract Management. We possess Top Secret clearances, Lean/Six Sigma Black Belt certification and Professional Human Resource (PHR) certification. The company currently holds a TS facility clearance, as well as individual TS SCI clearances.

## Professional Services

Our professional service model provides staff augmentation that spans capabilities across all IT and business functional areas. The Millennium team consistently provides our customers with the highest level of service by employing personnel who possess top level certifications and extensive experience required to meet industry demands. Our qualified workforce is postured to consistently bridge today's business requirements with tomorrow's technology solutions.

## Ownership

Kevin N. Jennings, US Army officer (Retired) and Cedric D. Henry, US Navy officer (Retired), founded Millennium in 2004. Mr. Jennings served in various program management positions in the Army's Acquisition Corps, culminating as a Department of the Army Select Product Manager for PEO Ammunition. Mr. Henry held numerous positions in contracting and logistics management, culminating as a Program Manager for US Navy Destroyer Experiment-Next Generation (DDX) for Defense Contracting Management Agency (DCMA).
