H2 Performance Consulting (H2PC) is a management consulting firm centered on improving business and technology performance for government and commercial clients. H2PC professionals have a sterling reputation as experts and trusted advisors in program and project management. The company also has substantial experience in acquisition support, organizational change management, enterprise performance management, SharePoint deployment and services, and training development and delivery. All of H2PC's solutions are tailored to fit the client's needs and business challenges, making use of a wide portfolio of tools, templates and processes deployed with a focus on business intelligence.

H2PC consultants hold a variety of industry certification and many have advanced degrees. This coupled with significant industry consulting and military experience, culminates in a powerhouse of consulting delivery capability. H2PC experienced 1,900% growth over the past 3 years which resulted in the company being named number 139 on Inc. Magazine's Top 500/5000 List of Fastest Growing Companies in America for 2010.

Inc. 500

Helping clients succeed by defining and measuring success first.
