

# CORPORATE CAPABILITIES

## CAPABILITIES

- ❑ **IPv6**
  - Transition Planning & Implementation
  - Cost & Impact Analysis
  - Training
- ❑ **Cyber Security**
  - Architecture
  - FISMA Compliance
  - Mobile
- ❑ **Innovation Test Center**
  - Conformance/Performance
  - Independent Virtualization & Validation (IV & V)
  - Interoperability
- ❑ **Emerging Technology Transition**
  - Cloud Computing
  - Virtualization
  - Software Defined Networking (SDN)
- ❑ **Technology Infrastructure Planning & Analysis**
  - Cost Modeling & Analysis
  - Data Center Consolidation
  - Strategic & IT Alignment
- ❑ **Health IT**
  - TeleHealth
  - HIPPA Compliance
  - Wireless/Mobile

- **Founded in 2001**
- **EDWOSB & WOSB Certified**
- **Headquartered in Northern Virginia**
- **80%+ growth in revenue over the past 5 years**
- **96% Customer Performance Rating**
- **DUNS: 128161424**
- **Cage Code: 3DQY5**
- **IT70 Contract #: GS-35F-0012W**
- **Seaport-e Contract #: N00178-10-D-5909**
- **Subcontracts: VA T4, NOAALink, DISA Encore II**
- **Primary NAICS: 541512, 541519, 541611, 541618, 541690, 541990**
- **Clients: Veterans Affairs, SBA, GSA, and Navy**

Auspex has created a team of highly experienced professionals with extensive knowledge of both the governmental and commercial industries. We specialize in the policy, planning and introduction of new technologies into Federal enterprises to help agencies obtain the greatest value possible. Our focus on the latest advances in IPv6, Cyber Security, Innovation Test Center, Emerging Technology Transition, Technology Infrastructure Planning & Analysis, and Health IT translates into real solutions and savings for our customers.

Auspex team members have been speakers at numerous conferences and training events in support of IPv6, security and other emerging technologies in the Federal community. We are recognized experts and provide guidance and support to Federal organizations on the transition planning and introduction of new and innovative technologies into their Enterprise.
