Differentiators:

- **Innovation.** ISC is one of the few service providers that supports the sending and receiving of color fax, optical character recognition, handwriting recognition and barcode scanning.
- **Reliability.** The redundancy built into ISC's dual data centers ensures customer information will be intact and available 24/7, even in the event of a natural disaster.
- **Confidentiality.** Messages sent via ISC are encrypted for security and meet healthcare and insurance industry standards for the integrity, confidentiality and availability of data.
- **Accountability.** Notifications can be sent each time a message is sent or received using the ISC service. Customers may also access real-time reports of messaging activity via the ISC extranet.
