**HCI integrated solutions**

HCI is an innovative and responsive multifunction support services provider who has successfully met the evolving needs of the U.S. Government since 1995. HCI is a registered Small Disadvantaged (SDB), Veteran-Owned (VOSB) and Service Disabled Veteran-Owned Small Business (SDVOSB), as well as a premier International Organization for Standardization (ISO) 9001:2008-registered and certified company – <u>at both the company and program level</u>– that provides the highest quality customer services and mission-critical support to the customer. Having recently achieved a Capability Maturity Model Integration (CMMI) maturity level 2 rating and possessing ISO certification for over six (6) years, HCI maintains well entrenched processes, procedures, and best practices to provide quality service and maintain the highest standards of performance. HCI services are maintained in accordance with proven benchmarks and continuous process improvement, both of which ensure successful delivery of our services.

*HCI Core Capabilities center on four (4) primary market sectors providing Logistics, Training, Administrative, and IT support services primarily throughout the Department of Defense (DOD and Department of Homeland Security (DHS).*

With over 300 professionals in over 30 locations across the U.S., HCI has wide-ranging qualifications and numerous years of experience providing Logistics Support Services, Training and Instructional Services, Information Technology (IT) Support, Engineering Services, and Administrative Services to the U.S. Army [Active Duty, Reserve Component (RC) and National Guard (NG)], the U.S. Marine Corps (USMC) and the Department of Homeland Security (DHS).

Our accomplishments have not gone unnoticed. In recent years, HCI received numerous accolades including being ranked #12 in the Washington Technology's Fast Fifty and being selected three (3) consecutive years as well as inclusion in Virginia's Fantastic 50. These awards are given to the 50 fastest growing small businesses serving Washington, D.C.'s Government market. In addition, DiversityBusiness.com recognized HCI as one of the Top 100 Diversity Owned Small Business in Virginia.
