Differentiators

Energy Cost Reducers™ LLC is committed to helping your facility achieve and meet the goals in E.O. 13514.

ECR's focus on first phase projects of power and indoor air quality provides the foundation for the success of your energy efficiency projects.

About Energy Cost Reducers™ LLC

As a Veteran Owned Business owner I believe that clean and reliable energy is of great importance to our national security. As a MARINE putting teams together, coupled with years of electrical experience, our energy efficiency team provides extensive project assistance and technical support.

The long term Return on Investment to the solution seeker in the beginning needs prior proper planning and life-cycle cost risk management. Our streamlined process and competitive pricing fulfills the requirements set forth in FAR 7.101-7.105.

Energy Cost Reducers™ LLC is part of the [Chambers for Innovation and Clean Energy](#) and a founding member of the [Team Green Zone](#) initiative created by the Bartlett Area Chamber of Commerce.

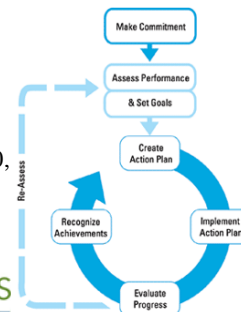

ECR's nation wide network of manufactures and service providers allows us to find and deliver long term best value to your agencies contracting needs.
