COMPANY OVERVIEW

Central Research is an award-winning small business located in Northwest Arkansas. We provide innovative data solutions and contract support services to state and federal government agencies. Our services include: supplemental data processing, data mining and data analysis to support improper payment solutions and fraud/waste/abuse reduction.

Our experienced, contractor-managed professional administrative support services, such as specialized Freedom of Information Act (FOIA) and Privacy Act (PA) Analyst support, and records and document management digitization and preservation support provide low-cost, contractor-managed solutions to our state and federal government customers.
