Capability Statement

COMPANY OVERVIEW

Partnered with Eck Supply Company, headquartered in Richmond, VA with 13 locations throughout Virginia, Encompass Supply can deliver a full offering of electrical construction supplies at competitive prices. Encompass has local access to an inventory in excess of \$14 million with a fleet of delivery vehicles to offer timely service of materials.

Encompass Supply Company offers a source to support diversified vendor advocacy to enhance the capability of each agency in seeking open competition for the highest value products and services. With an array of certifications, professional business practices, quality product offering, competitive pricing, and timely service, Encompass Supply serves as a reliable and bona fide vendor choice.
