WHO WE ARE:

Glasgow Investigative Solutions (GIS), Inc., was established in 2004. It is a certified Service Disabled Veteran Owned Small Business (SDVOSB) and a service driven growing company. Our business strategy is to provide service with integrity combined with high ethical standards in support of corporate and government mission requirements. Our customers range from small local businesses to the federal government. Our services cover a broad spectrum that include both armed and unarmed security officers, access control background investigations, vulnerability assessments, and security program development and implementation. Our mission is to be one of the market leader and provider of value added investigative, personal, and security guard solutions for our clients. Our goal is to be consistent in providing the most effective, reliable, and personalized service in the investigative and security industry. Our management team has over 46 plus years of combined experience in civilian and military law enforcement and the commercial security industry. These industries range from law enforcement operations, plans, and congressional relations at the highest levels of the Department of Defense and the United States Army worldwide.
