Information Systems Solutions, Inc. is an innovative provider of Professional Consulting services and solutions for Department of Veterans Affairs (VA) requirements. For over 16 years we have enabled the people, processes and technologies to effectively align federal service support with mission objectives. Our core competencies focus on lifecycle management, data operations, business process engineering, training, financial consulting, and project management. ISS is committed to our customer's success by providing quality management oversight, targeted resources, and a performance-based approach to meet outlined objectives.

> As a Prime Contractor, ISS supports VA VISN/VAMC communities by providing VA-recognized professional consultants in financial training, budget analysis, requirements review, and specialized medical training program management.

ISS is a Center for Veterans Enterprise (CVE) verified Service Disabled Veteran-Owned Small Business (SDVOSB) and Woman-Owned Small Business (WOSB) with sound fiscal policies to provide competitive, effective rates and quality service.

ISS is both ISO 9001:2008 and ISO/IEC 20000-1:2011 certified providing foundations for customer service excellence being one of the few SDVOSB companies to implement ISO 20000-1:2011 in the United States. ISS' internal processes enable rapid response to critical customer needs such as rapid staffing for specialized skills, deployments and procurements.

Our industry and Federal recognitions include *Inc.* 5000 recognition for six (6) years in a row, the L-3 STRATIS 2010 Small Business of the Year, the Montgomery Chamber of Commerce (MCCC) 2011 Small Business Leader of the Year, and the 2011 DoD CIO Team of the Year awards.

VA Non-IT Capabilities	
• Professional Services	• Financial Services
• Management Consulting	• Training
