

CAPABILITY STATEMENT

FFE Inc. is a Cincinnati-based CVE verified Service-Disabled Veteran-Owned Small Business providing engineering and technical services. We are focused on facility and process design with an emphasis on energy related systems. We have a strong background in providing technical support to Department of Energy Projects as well as extensive experience in providing startup/commissioning services.

CAPABILITIES

Commissioning

Building Systems Startup

Energy Audits

Facility Condition Assessments

Utility System Design including:

- Boiler Plants
- Chiller Plants
- Co-generation Facilities
- Bio-mass Boilers
- Medium Temperature Hot Water Generation
- Steam Turbines
- Central Utility Plants
- Thermal District Energy
- Electrical Switchgear
- Emergency Generation
- Thermal Energy Storage (TES)- including Ice Storage

HVAC System Design including:

- Chilled Water
- Steam
- Heating Hot Water
- Geothermal Ground Source Heat Pumps
- Direct Expansion Cooling
- Variable Air Volume
- Variable Speed Pumping
- Kitchen Ventilation

Clint Weekley – President

Former Army Engineer
officer, Professional
Engineer, BS Mechanical
Engineering

CUSTOMERS

- Babcock & Wilcox (BWCS)
- Bechtel-Jacobs (BJC)
- Bristol Design Build
Services
- City of Wurtland, Kentucky
- Fluor Corporation
- Fluor-Babcock & Wilcox

Small Business (SDVOSB)

NAICS CODES

- 541310 Architectural Services
- 541330 Engineering Services
- 541350 Building Inspection Services
- 541420 Industrial Design Services
- 541618 Other Management Consulting Services
- 541620 Environmental Consulting Services
- 562211 Hazardous Waste Treatment and Disposal

CAPABILITIES CONTINUED

- Make-up Air
- Thermal Energy Recovery
- Humidity Control
- Sophisticated Exhaust
- Dust Removal

Plumbing System Design including:

- Sanitary Sewer
- Domestic Water
- Storm Water
- Hot Water Heating
- Water Distribution
- Natural Gas
- Fuel Oil
- Hospital Gas

Facility Design including:

- Structural Components
- Pipe Supports
- Foundation Design
- Fall Protection Systems
- Electrical Design – Power And Control
- Air Systems
- Material Transfer Systems

Environmental Services

- Site Assessment
- Industrial Hygiene
- Air Quality Assurance
- Water Treatment System Design
- Asbestos/Lead Abatement Design
- Radioactive Contaminant Abatement/Control Design
- Waste Characterization
- Hazardous Material Packaging Selection
- Oil Spill Prevention
- Permitting

Services

FFE Inc. provides particular expertise in energy systems, including boiler and chiller plants, and startup/commissioning activities.
