A Service Disabled Veteran and Woman Owned Small Business, DLI provides professional development training, program management, and consulting services to private and government entities.

Professional Development Training (611430) providing training in decision making, leadership, process improvement (Lean Six Sigma), and organizational change at the individual, organizational, and strategic levels.

General Consulting (541611) on organizational structure, operational procedures, supply chain, program management and human capital utilization via identification of best practices, gap analysis, and improvement recommendations.

What DLI Does:

DLI provides review, analysis and action planning for organizations concerning operations, leadership, process improvement, personnel professional development and organizational change at the individual, organization, and strategic levels.

DLI can enhance your workforce's production through professional development training. We provide training in leadership skills, Lean Six Sigma (LSS), business decision making, and program management. DLI training is designed to optimize input and participation in order to maximize socialization of ideas and ensure long term retention.

DLI Business Highlights:

- Lean Six Sigma Champion and Yellow, Green and Black Belt Training as well as Project Mentoring; facilitation of Lean Six Sigma Project identification, planning, and execution
- Program and Acquisition Management consulting focusing on product selection, funding, budget execution, development of metrics and analytics, and process improvement
- Sustainment support including mentorship and coaching; professional development training and workshops; facilitation of rapid improvement events and after action reviews; and creation and implementation of desk top aids

Susan is a Lean Six Sigma Master Black Belt who has worked at all levels of the Department of Defense (DoD), Department of the Army (G3 & G4), and the Veterans Administration (VA). After years of supply chain and maintenance management, she served as an Assistant Professor of Leadership and Management at West Point (USMA), earned the Academy's Apgar Award for Teaching Excellence, and was then selected as the Department Head, Leadership and Military Instruction, at Rutgers University. She is a retired Army Logistics Officer.

Dan is a former Department of the Army Systems Coordinator (DASC) for Combat Engineer and Material Handling Equipment. His acquisition expertise includes certifications as a Program Manager (PM), Testing and Evaluation (T&E) and Life Cycle Logistics. He also served as the PM for the IMCOM Battle Command Training Support Program. Dan has extensive training experience, serving as an Observer/Controller at both CMTC and BCTP. He is a retired Army Logistics Officer.
