Areas of Expertise

Linux

- Red Hat Enterprise Linux

Network Engineering

- Cisco
- HP ProCurve
- Brocade

Virtualization

- VMware/Hyper-V/Cloud
- VMware vSphere and all its components (vCenter, ESXi, vCenter Lab manager, vCloud, View Composer, etc.)

Lifecycle/license management

- Altiris IT Management Suite

Storage

- NetApp
- Hitachi

DoD Intelligence System Interoperability

Servers and laptops

- Dell
- IBM
- Dell Wyse PCoIP Zero Client Hardware

Information Assurance

Software Life Cycle Management

Windows

- Windows Server 2008, 7
- Active Directory, DNS, DHCP, Windows Deployment Server, and Radius

System Engineering / Integration

Enterprise Architecture Planning and Design
