## **ATHIO TECHNOLOGIES**

YOUR TECHNOLOGY RESOURCE AND ADVISOR

Athio Technologies LLC is a Service Disabled Veteran Owned Small Business (SDVOSB) providing custom solutions in Information Technology (IT), Audio-Visual Integration, Video Teleconferencing and VoIP Phone Systems. We are a services company that embraces every opportunity as a chance to solve problems effectively and transparently to give our customers the results they expect. Our engineers possess a high level of technical acumen that sets us apart from the competition. Our engineering professionals provide years of industry experience, technical knowledge, and operational capability and are recognized experts in their respective fields. We are involved with multiple industries and feel this gives us the ability to adaptively resolve complex issues in a very routine way.

## INFORMATION TECHNOLOGY

Information technology should improve organizational results. Athio Technologies helps organizations make sure it does. We look at IT issues strategically, in the broader context of our clients' requirements and goals. Our experts provide an objective, independent perspective to help organizations realize the full potential of their IT resources, investments and assets. Teaming with Athio Technologies, you can rely on expertise in:

- Data Infrastructure/Cabling
- Hardware/Software Sales & Support
- Wireless Intrusion and Detection
- Contract Services & Support

## AUDIO-VISUAL INTEGRATION

At Athio Technologies, we live and breathe technology. We're deeply passionate about designing and integrating the latest audio-visual technology for our customers, i.e., tele-presence, new media presentations and collaboration, digital signage, and videoconferencing. We also believe the right solution is not just about the technology it is about how that technology is utilized—how the hardware and software work together seamlessly to do exactly what you need done. That's why you can trust us to design and implement a solution that not only meets your specific requirements, but exceeds your expectations. Teaming with Athio Technologies, you can rely on expertise in:

- Video Conferencing
- Digital Signage
- Conference Presentation Rooms
- Sound Masking Solutions
- Contract Services & Support

## VOIP PHONE SYSTEMS

Athio Technologies has the ability to provide a complete VoIP Solution for any size organization. We can provide the infrastructure, hardware sales and support, and the services.

- Infrastructure Installation
- Hardware Installation and Sales
- VoIP Phone Service
- Contract Services & Support

Athio Technologies core capabilities are comprised of our **Subject Matter Experts' Experience** in the specific areas of **Information Technology, Audio Visual Integration and VoIP Phone Systems**. Ultimately, Athio Technologies cornerstone is our ability to develop and maintain steadfast relationships that support the effectiveness of your program or project requirements.
