

## Le Famille

LeFamille is a minority; Vietnam service disabled veteran owned small business servicing all geographic regions, internationally as well. Leon Keye Jr. is the sole owner of LeFamille which supplies construction materials all divisions to general/prime contractors for various local, state and federal projects. I can supply steel (sheet piling, h piles, pipe piles) aggregates, and asphalt for any highway and bridge project. The asphalt I can supply is a green product used from recycled rubber. It is currently used in Caltrans and very cost efficient and uses very little maintenance. We are registered with Defense Logistics, Department of Veteran affairs, and SAM which took place of CCR.

### Mission

LeFamille mission is to be an asset to our customers by handling all matters in time sensitive and organized manner. Our goal is to provide excellent service and products that meet and exceed the requirements the contractor is requesting. We believe in fulfilling our customers every need because without customers we will not be able to sustain our company. We strive in creating and building strong business relationships so we can continue to be invited to complete projects. I am familiar with lead times and schedules for job satisfaction.

### Experience

LeFamille it was established in 1980. My DLA cage code is #3B5H8 and my Duns and Bradstreet number is 045247079. LeFamille is registered with ASFI, CCR, ORCA, MSD Supplier Diversity Program and DLA. I supplied fire proofing material to KFC Yum Center in Louisville in 2009 and in the past. I have supplied oil and generators to United States Corp of Engineers in which Jackie Primer can vouch for me for any references. In 2006 I supplied the University of Kentucky (Messer Construction contact Anthony Skeese) with Cleanroom equipment. I am currently working with Caddell Construction supplying materials for various US Embassy projects. I worked fourteen years as an Agent-operator for Norfolk Southern Railway, 38 different jobs in all of western Ill., Ind. and Ky., working with all manufacturers in transportation service. I also did the operation report for the division, to include all accidents, coal, grain, train, payroll, and tonnage daily for three states.
