PrimCorp, LLC is a minority owned small business certified by the Veterans Administration as a Service Disabled, Veteran Owned Small Business (SDVOSB). Our skilled professionals have extensive experience in managing programs ranging in varying levels of complexity and overseeing and administering acquisition, programmatic, and logistical requirements from cradle to grave.

Our solutions are aimed at successfully managing and executing our client's key business processes from an outcome-based perspective across the total program life cycle while mitigating risks and optimizing performance. Unlike other companies that prefer to focus on isolated, short-term processes within a lifecycle (such as the pre-award or closeout phases of a program), PrimCorp, LLC takes an integrated approach that focuses on incorporating the critical elements of reliability, sustainability, and cost effectiveness across the entire lifecycle at the on-set that will achieve the best value for our clients.

We understand the challenges our clients face, so we approach each engagement with the goal of delivering reliable, cost effective, and long-term solutions in the following related areas:
