

## Department of Veterans Affairs

### Senior Executive Biography

#### **Daniel McCune**

*Executive Director  
Enterprise Portfolio Management Division (EPMD)*

As the Executive Director for EPMD in the Enterprise Program Management Office, Mr. McCune is responsible for software development, testing, and data management.

Prior to joining EPMD, Mr. McCune spent 20 years leading software development projects – in both private and public sectors. In private industry, Mr. McCune worked for a software development company where he implemented Agile and led development teams releasing commercial healthcare software. Mr. McCune transitioned to VA in 2010 when he joined the Financial Services Center (FSC). During his 8-year tenure at FSC, Mr. McCune served as a thought leader in IT Program Management as well as IT innovation as he worked to introduce new methodologies, tools and practices including SOA, Agile, Portfolio/Program Management, Centers of Excellence, and Digital Centers. Using principles of Lean, Agile, and Speed to Market, Mr. McCune increased project velocity and capacity while, at the same time, reducing cost. He played many roles including Development Manager, Project Manager, Division Chief, and Director of PMO. While at the FSC, Mr. McCune launched three new organizations: Lean Six Sigma Process Improvement Division, A Software Development Division, and PMO as a service. Mr. McCune's certifications include PMP, SOA Architecture, and Certified Scrum Master.
